Welcome to Enigma Valley.

We know you're excited about your MIT MYSTERY HUNT™ team account. We're humbled to welcome you to the Enigma Valley family.

As the new representatives of the historic MIT MYSTERY HUNT™, we want you to know: the names and faces may have changed, but our commitment to you remains the same. We're writing to inform you of the **new ownership** and help you become acquainted with the opportunities available to you as an Enigma Valley account holder.

We're here to boost your bottom line. That means more profit at less cost. What better way to prove our commitment than to announce that we've converted your probabilistic holdings in the MIT Coin™ into a fractional share at dramatically appreciated value? It's all possible thanks to the risk cushion provided by our organization.

At the start of February, you can expect full details of your account to be made available to you in a follow-up letter. Monthly statement mailings, and the option to enroll in online banking, will begin then.

At Enigma Valley, you can expect value.

Naturally, this message is not a puzzle.

Yours in service,
Enigma Valley
